

Integrated Management System

Environment Policy

Zawawi Infrastructure aims to minimise the environmental impact of its operations, by preventing pollution and striving for continual improvement in its environmental performance whilst working towards more sustainable operating practices.

Adopting our core values: Entrepreneurial, Innovative & Responsible, we aim to optimise our use of natural resources, reduce waste generated by our operations and develop sustainable opportunities to use recycled materials.

Protection of the environment is a line management responsibility of prime importance. The management of each business is responsible for ensuring that appropriate arrangements are made and resources provided for the fulfilment of this policy and for monitoring its implementation and effectiveness.

OUR AIMS, GOALS & OBJECTIVES

- To promote innovative products and designs that are more environmentally friendly, and promote clean energy, applying techniques which replace and use less natural resources (Aggregate, bitumen, fuels, water), in addition to reducing noise and dust emissions.
- To ensure we meet applicable legal requirements, regulations and standards of the country of operation.
- Report, investigate and take action to address environmental incidents and community complaints.
- Measure and manage energy use, carbon emissions and set improvement targets as appropriate.
- Demonstrate the efficient use of natural resources to minimise waste and to re-use or recycle materials.
- Work in partnership with local communities and be a responsible neighbour.
- Work to improve the environmental standards of the sectors in which the company operates.
- Enhance environmental awareness of employees through structured training.
- Encourage the adoption of sound environmental principles amongst contractors, suppliers and customers.
- Implement & Maintain ISO 14001 Environment Management System certification across all operational locations.
- To monitor implementation of the Environmental Management System by defining and monitoring key performance indicators and regularly review the actions plans to achieve the agreed targets.
